Dear Jeffrey:

I just wanted to thank you for participating at the NYS Assembly Committee on Codes Legislative Hearing on DNA Database issues. As always, your testimony gave direct insight into problems that exist within the current system. I am confident that we will strengthen and improve the law in this area.

Your courage as well as your perseverance in making sure policy issues are address on these critical criminal justice issues is impressive and appreciated. It is one of the most important ways we learn what changes in penal law must be made.

Again, thank you for your contributions on this important topic.

Sincerely,

Joseph R. Lentol
