Dear Mr. Wilkins,

On behalf of the Northeastern Association of Forensic Scientists I would like to extend our heartfelt thanks to both you and Mr. Jeffrey Deskovic for attending our 34<sup>th</sup> Annual Meeting.

Mr. Deskovic's appearance and his talk helped make our luncheon event a tremendous success. The poignancy of his talk was indeed felt by everyone in attendance that October 3<sup>rd</sup>, 2008. The feedback from almost everyone there that day was extremely positive. People also stressed how moved and enlightened they felt in regards to Jeff, his situation, and his speaking out about it. He presented himself in a very professional and eloquent manner.

It was our desire to provide our members with a luncheon presentation that would touch them as well as make them think. Solely to Jeff's credit that was indeed what happened. By divulging his experiences, as well as bearing his soul, he accomplished this. For that we are extremely grateful.

Please know that if there is anything that I, or the organization can do to help you, don't hesitate to ask. I would be more than happy to provide references or field inquiries from interested potential clients.

Once again, thank you both for an extremely memorable event.

Sincerely,

David San Pietro  
President-Elect/Annual Meeting Program Chair
